**The IMCA Global Summit brings our Members and the industry together to explore challenges such as the energy transition, sustainability, safety, and people.**

Over an engaging two-day programme we will share best practice, debate possible solutions, and chart a course to success. Alongside high-profile speakers, interactive workshops, and plenty of professional networking opportunities, we'll also recognise the achievements of our Members with the IMCA Awards.

Attendance is vital for business decision makers and technical leads working in the offshore sector...
