

TECH BENEATH

THE IMMERSIVE MARINE AND SUBSEA TECHNOLOGY EXPERIENCE

Thursday 21 May 2026

Crowne Plaza Hotel, Dyce | 0930-1700

Join us on the 21st of May 2026 for a dynamic exhibition showcasing the latest technological developments in the offshore, marine, and subsea industries. This interactive, educational, and accessible event is ideal for both established and emerging companies

Tech Beneath is an annual collaboration between the Society for Underwater Technology (SUT), The Hydrographic Society UK, and the International Marine Contractors Association (IMCA).

Each year, the event brings together industry leaders and innovators to encourage knowledge-sharing, highlight emerging technologies, and strengthen partnerships within the marine and subsea sectors.

Exhibitor Applications Now Open

Format

This year's event will provide an exhibition space for companies to showcase their work throughout the day. Delegates can visit stands at their leisure, engage in hands-on interaction, and network with subject matter experts throughout the day. In addition to the exhibition, breakout rooms will be time-allocated to exhibitors throughout the day. These times will be communicated to exhibitors in advance of the day and allow for dedicated, focused demonstrations to showcase their innovation.

Why Exhibit?

- **Showcase Innovation:** Present your latest technologies both within the exhibition and during the allocated demonstration slots.
- **Engage Directly:** Take advantage of the opportunity to have meaningful conversations with delegates throughout the event. Exhibitors can connect face-to-face with attendees at their stands, allowing for in-depth discussions, immediate feedback, and relationship-building.
- **Network:** Connect with industry experts and potential clients in a relaxed, accessible environment.
- **Expand Reach:** Your company name and logo will feature in the marketing detail for the event.

Who Are The Audience?

The audience for this event will comprise professionals, decision-makers, and technical experts from the three participating organisations, each bringing their own unique perspectives and requirements in the field of underwater technology. Delegates will include surveyors, engineers, innovation leads, and senior management who are actively seeking the latest advancements and practical solutions.

Technology Focus Areas

All areas of offshore, marine and subsea technology and practice will be considered on the basis that these are new and innovative with beneficial impact to the industry in terms of cost, efficiency and safety. These may include (but not limited to):

- *Digitalisation*
- *Autonomy*
- *Artificial Intelligence*
- *Data Handling and Visualization*
- *Remote Operations*
- *Electrification*
- *Robotics*
- *Subsurface*
- *Data processing/ analysis/ visualisation/ interpretation*
- *Safety equipment or practice*
- *Monitoring*

...and more! (We welcome additional innovative topics)

Demonstrations

Types of demonstrations might include live technical walkthroughs, interactive hands-on sessions or case study explanations. Exhibitors are encouraged to tailor their demonstration format to best showcase the unique features and benefits of their technology, ensuring maximum engagement and clarity for delegates.

Further information on the break-out rooms will be provided with the delegate information.

How to Get Involved

Please send a short summary—no longer than 200 words—explaining which technology you want to present and how you plan to showcase it to delegates. Please send your submission to callforpapers@sut.org.

If applicable, please provide any extra details that could help us accommodate accessibility needs or any special requirements for the day.

Successful exhibitors will be notified by 20 March 2026.

Exhibition Fees

- Exhibition stands will be uniform in size and cost
- Exhibitors will be offered a 3m x 2m space including a table, two chairs and access to power
- The cost for an Exhibition stand and demonstration slot is £350
- Exhibition tickets will include two attendees

Key Dates

- Submission Deadline: 10 March 2026
- Confirmation of exhibition space: 20 March 2026
- Exhibitor information issued: 24 April 2026
- Event: 21 May 2026
