

## Incorrectly supplied diving equipment

Safety Flash Published on 1 February 2002 Generated on 28 January 2026 IMCA SF 02/02

**IMCA has received a report of equipment being provided which proved to be not the equipment indicated on the package documentation.**

If such equipment had not gone through safety checks, it might have resulted in serious injury.

Members are reminded to check all equipment delivered, especially uncertificated units, before use.

*IMCA Safety Flashes summarise key safety matters and incidents, allowing lessons to be more easily learnt for the benefit of the entire offshore industry.*

*The effectiveness of the IMCA Safety Flash system depends on the industry sharing information and so avoiding repeat incidents. Incidents are classified according to IOGP's Life Saving Rules.*

*All information is anonymised or sanitised, as appropriate, and warnings for graphic content included where possible.*

*IMCA makes every effort to ensure both the accuracy and reliability of the information shared, but is not be liable for any guidance and/or recommendation and/or statement herein contained.*

*The information contained in this document does not fulfil or replace any individual's or Member's legal, regulatory or other duties or obligations in respect of their operations. Individuals and Members remain solely responsible for the safe, lawful and proper conduct of their operations.*
