

## Gangway safety: A review of recent incidents and near-misses involving vessel gangways

Safety Flash Published on 9 May 2013 Generated on 17 January 2025 IMCA SF 07/13

The Marine Safety Forum has published safety flash 13-09 reviewing a number of incidents and near misses reported by base staff involving vessel gangways.

These incidents and near misses range from improperly rigged gangways and safety nets through to poor housekeeping standards with tripping hazards left on the gangway.

The safety flash is available on [request](#) from the Marine Safety Forum.

*IMCA Safety Flashes summarise key safety matters and incidents, allowing lessons to be more easily learnt for the benefit of the entire offshore industry.*

*The effectiveness of the IMCA Safety Flash system depends on the industry sharing information and so avoiding repeat incidents. Incidents are classified according to IOGP's Life Saving Rules.*

*All information is anonymised or sanitised, as appropriate, and warnings for graphic content included where possible.*

*IMCA makes every effort to ensure both the accuracy and reliability of the information shared, but is not be liable for any guidance and/or recommendation and/or statement herein contained.*

*The information contained in this document does not fulfil or replace any individual's or Member's legal, regulatory or other duties or obligations in respect of their operations. Individuals and Members remain solely responsible for the safe, lawful and proper conduct of their operations.*
