

High potential incidents and fatalities in 2014 – International Association of Oil & Gas Producers (IOGP)

Safety Flash Published on 2 October 2015 Generated on 18 February 2026 IMCA SF 14/15

The International Association of Oil & Gas Producers (IOGP) has published two reports – one on 2014 high potential incidents, the other on 2014 fatal incidents.

Some of these incidents may have lessons for IMCA Members.

Full reports are available from the IOGP [publications library](#) (online).

IMCA Safety Flashes summarise key safety matters and incidents, allowing lessons to be more easily learnt for the benefit of the entire offshore industry.

The effectiveness of the IMCA Safety Flash system depends on the industry sharing information and so avoiding repeat incidents. Incidents are classified according to IOGP's Life Saving Rules.

All information is anonymised or sanitised, as appropriate, and warnings for graphic content included where possible.

IMCA makes every effort to ensure both the accuracy and reliability of the information shared, but is not be liable for any guidance and/or recommendation and/or statement herein contained.

The information contained in this document does not fulfil or replace any individual's or Member's legal, regulatory or other duties or obligations in respect of their operations. Individuals and Members remain solely responsible for the safe, lawful and proper conduct of their operations.
