

AMSA: Free-fall lifeboat safety

Safety Flash Published on 26 October 2015 Generated on 28 January 2026 IMCA SF 17/15

The Australian Maritime Safety Authority (AMSA) has published Marine Notice 15/2015 regarding two recent incidents involving the inadvertent or accidental release of free-fall lifeboats.

The investigations conducted by the Australian Transport Safety Bureau (ATSB) and the New Zealand Transport Accident Investigation Commission (TIAC) have highlighted ongoing safety issues related to free-fall lifeboats and identified maintenance issues that may be of interest to members.

IMCA Safety Flashes summarise key safety matters and incidents, allowing lessons to be more easily learnt for the benefit of the entire offshore industry.

The effectiveness of the IMCA Safety Flash system depends on the industry sharing information and so avoiding repeat incidents. Incidents are classified according to IOGP's Life Saving Rules.

All information is anonymised or sanitised, as appropriate, and warnings for graphic content included where possible.

IMCA makes every effort to ensure both the accuracy and reliability of the information shared, but is not be liable for any guidance and/or recommendation and/or statement herein contained.

The information contained in this document does not fulfil or replace any individual's or Member's legal, regulatory or other duties or obligations in respect of their operations. Individuals and Members remain solely responsible for the safe, lawful and proper conduct of their operations.
