### Statement

IMCA and other Industry Associations express their deep concern over the tragic loss of life and injuries suffered by the crew of MV True Confidence in an attack in the Red Sea on 6 March 2024.

The loss of life and injuries to civilian seafarers is completely unacceptable. Merchant vessels crewed by civilian seafarers transporting global trade have a right to innocent passage through the region without the threat of attack.

The frequency of attacks on merchant shipping highlights the urgent need for all stakeholders to take decisive action to safeguard the lives of innocent civilian seafarers and put an end to such threats. Our heartfelt sympathies go out to all those affected by this terrible event.
